Fair stand

Do business.

Picking the right stand will play a significant role for a successful fair appearance. Here are the options available to you to set the scene.
System Stand (Standard)

Our ready-made system stands are available in various sizes from 4 sqm and include walls, carpet (grey rep), book shelves, bench cabinets, electrical connection (1 kW) in the ceiling frame and stand sign(s). The stand price also includes – depending on stand size – a fixed number of exhibitor passes (incl. free ticket for public transport).

Smaller companies and start-ups can benefit from a reduced stand rental fee when ordering a 4/6/8 sqm stand – exhibitor diversity is important for us.

For further equipment of your system stand we offer you different furniture packages as well as other elements and extras.

**Dismantling**
Dismantling takes place on the last fair day, after the end of the event.

**Order deadlines**
Orders after 31 August 2020 may still be possible upon request, but they can only be guaranteed after confirming availability.

Apart from the actual space for your stand, the rental fee includes a number of exhibitor passes depending on the size of the space booked. If you need a water connection, please indicate this on your forms, so that we can try to secure a spot with a water line.

You can find the order form from the relevant service provider at [buchmesse.de/service-contractors](http://buchmesse.de/service-contractors).

**Stand construction**

If you would like to build your own stand you will need to submit detailed scale stand plans, for approval, by 1 August 2020. There are certain specifications to be considered – you can find details of these in the technical regulations at [buchmesse.de/terms-conditions](http://buchmesse.de/terms-conditions). In some cases – especially if you want to build a particularly high structure – it might be necessary for the plans to be additionally assessed and approved by Messe Frankfurt. Any additional costs arising from this will be invoiced to the exhibitor/stand contractor.

You can find a list of members of registered booth builders at [www.famab.de](http://www.famab.de).

For further details see [buchmesse.de/custom-built](http://buchmesse.de/custom-built).

In order to enable a more flexible stand design in corner positions, we will exchange the side wall with a half-open wall free of charge, if this has been requested in the registration form.

### Co-exhibitor fee

In order to ensure that your subsidiary companies or imprints get the reach they need, it is important to list them as co-exhibitors. The participation fee per co-exhibitor includes the environment surcharge and marketing fee. Each co-exhibitor receives his own entry in the online Exhibitor Catalogue, an individual stand sign, an exhibitor pass and by registering at My Book Fair full access to our online services.

Your registration thereby contributes to the environmental friendliness of Frankfurter Buchmesse. The environment and energy surcharge (variable according to stand size) covers eco-friendly waste disposal, your electrical supply (1 kW) and usage at the stand (green electricity), hall air conditioning and eco-friendly basic cleaning.
