## Information on arrival by coach

In order to make the journey to and from this year's book fair as comfortable as possible, Frankfurter Buchmesse and Messe Frankfurt have developed a new approach. This makes it possible for all coach companies to drop off and pick up their passengers directly at the entrance to the fair.

This concept is to be implemented on **the day with the highest visitor volume (Saturday, 19.10.2019)**. We have compiled some important information for you here in this document.

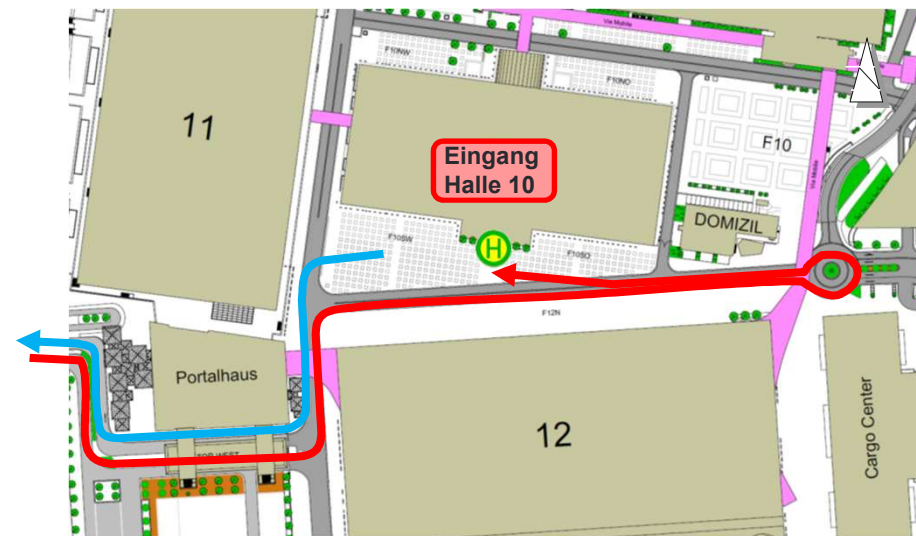

**Important:** This concept does not affect any other days of the book fair. You will also find information on how to reach the book fair on those days on the following page.

## Arrival information for these book fair days: Wed, 16.10.19 / Thu, 17.10.19 / Fri, 18.10.19 / Sun, 20.10.19

On the above-mentioned days we provide you with direct access to the entrance at hall 10, level 0.

On these days, coaches may drive to the entrance without restriction, drop off passengers, and park in the area south of Hall 10 if needed. Coaches may also pick up their passengers at this point without restriction.

Please follow the instructions provided by the personnel, who will direct you to a parking spot.

## Arrival information for Saturday, 19.10.2019

## Time-window ticket

If you arrive at the exhibition site in the morning, inform our staff what time in the afternoon or evening you would like to depart.

For reasons of space, only 30 buses can pick up their passengers at the same time. Therefore, access must be restricted between 4:00 pm and 7:30 pm.

If your desired time slot is no longer available, our staff will give you the next possible time slot. Please inform your passengers of the departure time if it differs from your original plans.

Buses wishing to pick up guests before 4:00 pm do not require a time-window ticket. There will be sufficient space available then.
